Sean Donnelly

example

Born without a right leg, it was apparent from day one that nothing was going to stop me. I've always needed a prosthesis that could keep up with me, not limit me. But convincing insurance companies has been my biggest challenge. Just getting by isn't good enough. Being an example – now that's important to me. It's what I've always tried to be.

**Access to quality prosthetic care for people with limb loss and limb difference is essential to life.**

**Speak up for yourself.  
Speak out for others.  
No is not an answer.**
